

# 1.2 m Aluminum Dynamics Track

ME-9493

## Introduction

The 1.2 m Aluminum Dynamics Track can be used with any PASCO dynamics cart and a variety of accessories. The track is perfectly designed to accommodate the Smart Cart (ME-1240 or ME-1241), PAScar (ME-6933 or ME-6934), Plunger Cart (ME-9430), or Collision Cart (ME-9454) and includes a metric scale for ease of position measurement.

**NOTE:** The track is designed to support the weight of carts and related apparatus, but excess weight will warp the track. When you store the track, ensure that no heavy objects will be placed on top of it.

## Features

### 1 T-slot

Use to attach track accessories such as Dynamics Track Feet (ME-8972) or a Dynamics Track End Stop (ME-8971).

### 2 Metric scale

Use to measure the position of objects on the track.

### 3 Grooves

Guide the wheels of a PASCO dynamics cart as it rolls along the track.
